

The Gal Program

For Community Leadership In memory of Gal Erlich ז"ל

The Gal Program is aimed at encouraging and developing high quality leadership in Israel.

There is a clear need to create a leadership reserve not only on the national level, but also on the local-community and organizational-economic ones, and we view the task of training a future generation of leaders as a top level mission and Zionist purpose.

The Program consists of B.A studies in Business Administration, Government and Law, alongside a unique training program that includes an academic tour in the USA. Students are eligible for a ₪10,000 academic scholarship for each academic year.

About the Program

Program participants become part of a dynamic group that studies leadership, discusses significant issues in Israeli society, and is exposed to unique personal development, leadership and entrepreneurship tools. The Program includes B.A studies in Business Administration, Government and Law, backed by practical training through certification studies in a wide range of disciplines involved in community leadership, including Mediation, advocacy, management of social networks, fund raising, management of non profits organizations, etc.
